# **TOTS 1/200 scale model aircraft collectors get together**

**Sunday 9<sup>th</sup> October 2016 at the Midlands Air Museum,  
Coventry Airport, 10am -5pm**

For sat navs use CV3 4FR

The meeting will be in the Argosy Centre which is the building next to the hangar and by the Canberra and Mystere.

There will be a charge of £2.50 per person for tea, coffee and biscuits payable in the Argosy Centre but this will also include admission to the museum which is normally £6.50. The museum also has a cafeteria.

We hope to have several model and decal producers present with models and decals for sale. It will be a chance for collectors to meet each other and chat and you are welcome to bring your own models to display or sell or swap.

For further information, contact Chris Sayer on [shedmodels@gmail.com](mailto:shedmodels@gmail.com)

**Please come and join us**

Hi,

This is a brief TOTS to remind everyone about the meeting on October 9<sup>th</sup>. Details are on the previous page. I hope you are able to join us. We have had to put the charge for refreshments up to £2.50 but as you get free admission to the museum it must still be one of the cheapest ways to spend a pleasant few hours on a Sunday.

The following have said that they are hoping to attend, in alphabetical order

Derek Barratt

Metalmodels

Wojtek Benzinski

Cloudbreak Models

Breiting Carsten

MPM agent and his own models

Denis Calvert

Aviation author and photographer and 1/200 modeller

Phil Edwards

Master modeller and resin caster

Richard Gollin

Supersonic Models

Paul Howard

Helmet Models

Martyn Redway

Wargamer (will have a demonstration game running)

Chris Sayer

Shed Models and Decals

Alan Southcombe

Master modeller and decal and etched brass designer

Nick Webb

Classic Airlines decals

I am waiting to hear from Martin Beacom and Tim Upson-Smith

There will be a table for collectors to display their own models and offer any for sale.

At the moment it is hard to say which new models will be there as there are several approaching completion but awaiting castings, decals and brass.

SHED MODELS hopes to have the following ready as demo models or a display of parts in the kit.

Thanks to much detailed work by Supersonic Models will be showing their  
Wojtek I will have four superb new new series starting with  
B17s

Avro Canada Arrow

B17E/F

Republic XF103

B17G

North American XF108

PB-1W airborne radar

Bell XF109

SB-17 ASR with lifeboat

More details of all these and photos and  
more in the post meeting TOTS

Then the next releases

Hawker Siddeley Kestrel

Finally, if you have been watching the  
Olympics, the medal winners were given  
a medal and a funny shaped item. I am  
told these are medal stands and they  
were 3D printed by Shapeways in  
ceramic. Shapeways have introduced a  
new material that they claim produces  
models suitable as masters so I will be  
trying this with a Cessna Crane (bamboo  
bomber) and an XFV12. We will see.

DH 83 Fox Moth

DH 86 Express (all versions)

Bugatti 100P and Piaggio Pc7 pair

And for those who preordered the  
limited run biplanes

Vickers Victoria

I hope to see lots of you on October the  
9th.

Vickers Virginia

Vickers Vildebeest

Vickers Vincent

Best wishes

Fairey Albacore

Chris

Cloudbreak Models hope to show  
how the

Boeing 307 Stratoliner

and

SNCASE SE161 Languedoc

are progressing
